Roles and Responsibilities: To be advised

Parish Council Representative on outside bodies: To be advised

Training: To be arranged

Interests: Gardening, DIY, Environment, Technology and Cycling

Memberships: None

Statement: I am 49 years old and have lived in Broomfield since October 2003 having fled the Capital with my fiancée, Sabine and her three children who were all schooled locally. We have enjoyed taking part in the garden safari and I have been involved with establishing the Herne and Broomfield Youth Club of which I am treasurer. I also work as a volunteer for the Youth Justice Team working with young offenders on the Referral Order programme. I am looking forward to being a part of the Parish Council and contributing to making the Parish an even better place to live. On my wish list would be an 'internet cloud' for the parish - to give all residents free high speed broadband access, provision of 'car club' vehicles in the Parish and I would also love to see the windmill turning and generating electricity.
