

Chronology Project

Herne & Broomfield Local History Group would welcome help with their Chronology Project.

They are currently collecting information in a fairly brief form i.e. between one and eight lines, which highlights historical, social and any interesting events that have happened in Herne and Broomfield, which when compiled in date order, will hopefully give an overview of the villages and its community.

New members who are particularly interested in being involved with this project are always welcome.

If you are interested in this project, or just want to find out more about the history of Herne & Broomfield please phone 01227 373695 or 01227 262173.
