"I would just like to say that the service I get from the Broomfield Post Office and general stores is excellent. I go in for things I have forgotten in my supermarket shop, and they always have what I want. I think people are always quick to complain but this shop deserves a big pat on the back - well done."

"It is not a matter of what can be done to improve the parish – more a question of what can be done to preserve what we have and oppose suggestions that will encroach on the village setting."

"There has been and there are plans for more properties to be built in the area. Therefore there is URGENT need for schools at all levels. More houses will mean more people and therefore other areas of infrastructure are required."

"It would be nice to have playground facilities. The nearest park is at the top of Mickleborgh Hill. It would be nice to have one within walking distance."

"We usually travel outside of the parish for entertainment as the facilities here are so poor. Even the 'blank canvas' of Cherry Orchards can only satisfy children for a limited length of time. The ball park and increased play facilities NEED to be set up as soon as possible. There are many children living in the area who would make good use of them and their parents would be far happier for them to be locally entertained."

"Far too many houses going up and no facilities to go with them. It's a pity."

"I would like to see the parish council keep a record of club activities and points of contact at the parish office, and made available to the residents."

"We all go on about kids having to loiter around the streets so whats wrong with a public basketball court set up or sports park. It will get used."

"The suggestion of placing a play area / BMX track out at Broomfield Road / Old Gypsy site is ridiculous. My children would not be allowed out there: too far out of the village for safety; too far to walk – no pavements / lights etc., no phone box if police / emergency needed quickly."

"There is no section regarding the Theatre in the Park at Strode Park. This is such a unique and delightful venue through the summer months right on our doorstep – with music etc. to suit every ones tastes – it deserves all the help and funding it can get and surely it would be interesting to know how many local people take advantage of it."

"There is a need for greater publicity of all clubs/organisations in the area, emphasizing what they have to offer each age group."

"We are prepared to offer some voluntary time to the community but, as yet, we don't know what is needed. Could there be a list of who needs volunteers available?"

"Herne and Broomfield is now a collection of housing estates. In my view there is no longer any sense of community. There needs to be a focal point for the community such as a community hall and all weather sports facilities. The work done at the local mill has been a good example of what can be done to enhance the local environment and sense of community."

"People that object to Cherry Orchards improvements have really forgotten what it is like to be a child."

"What a shame the old petrol station site (now acquired for houses!) couldn't have been used to build something for children/youths (ball court, play area, youth club)."

Q39 Would you support the Parish Council in provision of youth facilities in the Parish?	
Other suggestions / comments:	
Shuttle bus to/from Herne Bay High School to use their facilities	
Surface to be roller hockey friendly	
Swimming pool, tennis court, cricket club, bowling alley	
Another play area in Broomfield	
A recreation club on playing field	
Community centre for older children to socialise (table tennis/darts/snooker)	
Multi sports facilities at schools	
Encourage kids to play sports. More direct action against drugs.	
Instruction in school of how children should behave and also their rude parents	
Curfew on under 16s	
Anything built would only be vandalised (toilets/changing rooms Cherry Orchards as an example)	
Based in schools - do we want these facilities only to be vandalised as in Greenhill	
All of these facilities would require staffing, financing and suitable locations - huge considerations	
When bypass happens use enclosed land for all of them.	
Ball court - concerned at problems in Greenhill with similar facility	
Ball Court - Not to be over-done though. It is a Parish not a town

"Feel concerned that the Parish Council are exceeding their role with grandiose ideas (i.e. the ball court) suggest they channel their efforts and fund raising activities towards more worthwhile projects such as enhancing the appearance and rural aspect of the village. The ball court will only serve a small section of the community and do teenagers really want to be caged in? They seem far more interested in other types of facilities. Please leave the Cherry Orchard as the people of the village want it, unspoilt, as it should be in a Parish please. They should be more democratic."

Part 8 - Education

Q43	Should children who live in the Parish be able to attend the following schools if their parents so wish?		
	Herne Infant School	1167	
	Herne Junior School	1208	
	Herne Bay High School	1222	

Q44	Do you consider there is a need for any of the following in the Parish?		
	Nursery School	408	
	Primary School at Broomfield	604	
	Secondary School	462	
	Grammar School	339	

"We have lived here for 37 years but we find our children aren't able to attend the school, mainly because of the new houses being built nearer to the school."

"The thing that worries most parents is SECONDARY EDUCATION! What are we going to do?"

"Children who have lived in the village and attended the infants and junior schools should be given priority over newcomers and be assured of places at the High School, if we so wish."

"I don't think children should be entitled to go to Herne Bay High School just because they live in Herne. I used to commute everyday into Canterbury and it didn't hurt me! Besides, I think primary schools are meant to protect you and bring you up in a safe community. Secondary schools are supposed to give you wider experiences. Do we really want the youth growing up and just knowing Herne Bay, Herne and Broomfield?!"

Part 9 - Housing

"Herne (and Broomfield) to me is a fantastic place. I have lived here since the age of four and have moved from Herne Primary to a grammar school in Canterbury to university. I have never (yet) felt the need to move out of the area. Herne is perfectly situated between two towns (Herne Bay and Canterbury) and is not too far away to feel cut off but far enough away to have peace and quiet when you want it."

Part 10 - Development

Q46	Which type of development would you support in the Parish?	
	Small business / light industry	177
	Live/work units	70

"Herne is a lovely place to live. Further development of the area would ruin its semi-rural feel and destroy the good nature of neighbours and village life."

"Herne deserves to stay small and unique – as it has done for hundreds of years."

"I like the feeling that Herne is a village and would very much like it to stay that way."

"The Parish needs to be aware of the needs of the environment – animals, insects, plants and ensure that the diversity of the parish can continue without people taking over all areas. The diversity of the area is its main attraction."

"We really love it here (Broomfield). Reasonably peaceful area, friendly and respectful neighbours. Interesting variety of houses/roads. Still some village spirit here. Bright and cheerful area. Wonderful infant school. Nice surgery. Lovely big recreation ground (shame about the dog users)."

"Broomfield was once a quiet village. Now over developed."

"What made Broomfield meaningful and attractive to us was its uniqueness and smallness. This has now gone and we're just living in another built up area as are most little villages. We've had 4-5 years of constant dust and noise and it continues so we feel very little interest now in this 'new town' and just concern ourselves with our immediate neighbours."

"Keep Herne and Broomfield a village and stop building houses!"

"Please, please don't let another village die."

"Thanks for the opportunity to speak."
