Statement: I have lived in Broomfield for over 20 years and have been involved with local groups and projects, I support local businesses where possible. For many years I assisted and managed a local youth football team and I was also part of the civilian committee for Herne Bay Air Cadets.

Now that I have retired from full time work and my children have gone off to University, I have more time to be able to give something back and appreciate the opportunity of becoming a member of the Parish Council team.
